## ROOSEVELT AND THIRD TERM

### National Republican Committee Fa- vor Renomination of the President

Washington, Dec. 4.—The likelihood  
is that the next National Republican  
convention will be held at Kansas City.  
St. Louis has withdrawn from the con-  
test and Chicago's representatives are  
not prepared to put up the money guar-  
anty that is usually exacted. It is said,  
which indicates that Kansas City will  
get the prize almost by default. At all  
events that city's boomers celebrated  
tonight as if victory is assured.

The sentiment among the big crowd  
of politicians brought to town by the  
gathering of the national committee-  
men is overwhelmingly favorable to  
the renomination of President Roose-  
velt. Next to the President, Secretary  
Taft seems to have more supporters  
than any one of the other aspirants,  
but his supporters are by no means a  
majority of the crowd. A number  
of the politicians here have called on  
the president and told him that the  
country is overwhelmingly in favor of  
his re-election, but it is said he has  
in every instance discouraged all talk  
of his renomination.

That there is a decided lack of har-  
mony among the republicans is pal-  
pable. Speaking privately, members of  
the committee and others who have

been drawn here by its meeting admit  
that no one but Roosevelt can bring  
the party together in any thing like  
united support of the president's pol-  
icies. They believe that with the pres-  
ident eliminated, the party will split in  
the effort to make a platform. The sit-  
uation in Ohio is especially disquiet-  
ing. It is even feared that the fight  
between Secretary Taft and Senator  
Foraker will result in two conventions.  
Chairman New is under suspicion of  
being in league with the reactionaries,  
and some of Secretary Taft's adher-  
ents are saying tonight that they will  
depose him from the chairmanship. Just  
how they are to do this, neither they  
nor anyone else seems to know. It  
is not likely that they have strength  
enough in the committee to demand his  
resignation, even if they were bent on  
that desperate course.

#### Grief Stricken Parents Penniless Af- ter Long Search. Riot Threatened

St. Louis, Dec. 4.—By means of a  
writ of habeas corpus secured from  
the circuit court, Antonio Thompson  
and his wife of Los Angeles, Calif., to-  
day secured possession of their 16-year  
old daughter, Marie, from a band of  
gypsies encamped on the western out-  
skirts of St. Louis. The parents de-  
clare the daughter was stolen from  
them a year ago and that since then  
they have traveled thousands of miles  
and spent practically all their money  
in searching for her.

Disguised as gypsies themselves they  
invaded the gypsy camp and found  
their daughter. She threw herself into  
their arms, but a number of gypsies  
under direction of their leader, King  
John Adams, seized the girl and drove  
the parents out of the camp, assert-  
ing the girl had been voluntarily sold  
to them and belonged to the tribe.

The grief stricken parents invoked  
the aid of the court and secured a  
writ of habeas corpus. Accompanied  
by Deputy Sheriff Banker and a num-  
ber of citizens of Clayton they return-  
ed to the camp later today, and the  
girl was taken from the gypsies, al-  
though for a few moments the nomads  
made a demonstration and threatened  
a riot.

## DOINGS OF THE HOUSE

### Arrangements for Transfer of Money --Many Emergency Measures of Importance Introduced

Guthrie, Okla., Dec. 4. A committee  
of seven appointed by Speaker Murray  
this morning to consult on several  
amendments offered to the Skeen jim  
crow measure has formulated a report  
recommending adoption of the origi-  
nal bill, and when it is given special  
place on the calendar at 10 o'clock to-  
morrow there is little doubt of its pas-  
sage.

The jim crow measure is a town top-  
ic of absorbing interest and the activ-  
ity of the republican opposition equals  
in intensity the senatorial fight of a  
few days ago.

One representative comes from a  
county that has a thousand negro ma-  
jority. He promised to protect their  
interests and the fellow actually fears  
to return home and face this part of  
his constituency with a separate coach  
law hanging over them.

The corporation commission tomor-  
row will order the official publication  
of the jim crow order, providing for  
separate coaches on all railroads with  
in the state for whites and blacks, the  
interstate two-cent law, compelling

most of the time at today's session.

Resolutions memorializing congress  
to reimburse delegates to the consti-  
tution convention for money expend-  
ed for transportation and per diem af-  
ter the congressional appropriation em-  
bodied in the enabling act for this  
purpose had been exhausted and ex-  
tending thanks to Senator Beveridge  
and Representative Hamilton for their  
fight for statehood were offered.

After having been made a special or-  
der for tomorrow morning's session of  
the house, the jim crow measure,  
which was introduced yesterday by  
Mr. Skeen of Johnson, was placed in  
the hands of a special committee con-  
sisting of Skeen, Rainey, Williams of  
Comanche, Ezzard, Bryan, Whitehurst  
and Coke, to whom all amendments  
are to be referred.

Speaking of the matter of penalties  
Speaker Murray interposed a reminder  
that the railroad commission is vested  
by the constitution with authority to  
compel the railroads to establish and  
maintain separate coaches and waiting  
rooms and inflict penalties for viola-

the railroads to sell two-cent tickets  
to points in Kansas and Missouri and  
to make a two-cent rate to the state

law is now in effect.

#### Development of a Day.

Emergency measures covering the  
transfer of the \$5,000,000 appropriated  
by congress for Oklahoma, the invest-  
ing of this and other school funds by  
the land commission, the appointment

transfer of records to new counties  
and providing for payment of taxes to  
treasurers of those counties, took up

tions, and that the authority is higher  
than any the legislature might impose.  
In other words, so far as the duties of  
the commission are concerned, Okla-  
homa does not of necessity require a  
separate coach and waiting room law  
on her statutes.

Mr. Skeen's bill is similar to that  
introduced in the senate yesterday by  
Senator Graham in the substance of  
its provisions.

#### Proposes Reimbursement.

Mr. Rainey, of Atoka, introduced a  
resolution providing that congress  
should reimburse the state for the ag-  
gregate amount of per diem and trav-

exhausted and the limited number of  
days passed over, and that in the halls  
of the legislature be hung portraits in  
life size of President Murray and in

in violation of the constitution in pro-  
viding for legislative appropriation  
for immediate reimbursement of the  
constitutional delegates and was re-  
ferred back to its author for amend-  
ment. Speaker Murray stated that he  
has in his possession a complete sched-  
ule of indebtedness incurred which he  
expects to present to the legislature  
and he will urge that congress ap-  
propriate sufficient money to reimburse  
the convention members for this ex-

FIGHT BEGINS.

Indian from Oklahoma Confer at Wash- ington Regarding Removal of Restrictions.

Washington, D. C., Dec. 4.—The conference between Secretary Garfield and the Oklahoma delegation today led to no results, Secretary Garfield not being as liberal in his views on removal of restrictions as was expected. He appears, however, to want to exercise censorship in the future over the removal of restrictions on surplus lands of the Indians and the mixed bloods and no removal as to the homesteads. It is believed he will agree finally to the removal as far as they apply to surplus lands of all Indians. As a result of the conference no bill will be introduced until after another conference is held.

Washington, Dec. 3.—The subject of the removal of the restrictions of the Indians in the matter of the sale of their lands has been engrossing the attention of the members of the Oklahoma delegation as well as the delegation of Indians sent here by the five civilized tribes. Each of the five congressmen and the two senators have their own ideas on the subject. For a week before congress opened the representatives and senators of Oklahoma were endeavoring to unite on some kind of a measure and put their full strength behind it for passage. It appears now that some kind of united support will be given to proposed legislation on at least this one subject of removing the restrictions of the Indians, for all of the bills proposed by the Oklahomans, while differing in method, aim at identical results.

Delegation of Chiefs.

Perhaps more interested than the congressmen themselves in the big subject for the new state, are the members of the delegation of chiefs sent here by the five civilized tribes to guard the interests of the Indians in the matter of the legislation affecting their future status in the community. For this purpose the Chickasaws have sent their chief, Governor D. H. Johnston, Ben Colbert and Martin V. Cheadle. The Choctaws are represented by D. H. McCurtain, E. J. Hickman and Peter Hudson. The Cherokees have W. S. Hastings and the Seminoles Chief John Borwn as their representatives. Of the Creeks there are here Chief Moty Tiger, G. W. Grayson, Robert Haynes and Young Tiger, son of Chief Moty Tiger. A few of the Creeks are full bloods, and almost without exception the entire delegation from the five tribes is composed of well educated men.

Conference Daily.

Conferences have been held almost daily by the different Indian delegations among themselves and with the department of interior. Finally, after several meetings, the Indians sent for Congressman C. D. Carter of Ardmore, representing the fourth congressional district who is himself an Indian. A free exchange of views took place between this congressman and the Indian delegates, as a result of which the position of at least four of the tribal delegations was formulated into a program covering five points of legislation. The Indians, first of all, want a member of their own race on the house committee on Indian affairs, and for this purpose Governor Johnston and H. D. McCurtain heading a delegation of Chickasaws and Choctaws, appeared before John Sharpe Williams the minority leader, and made a pathetic appeal for Indian representation on the committee asking that Congressman Carter be given a place on the committee. The conference was entirely satisfactory.

Something that Roosevelt Advocates.

The hoarding of money, instead of keeping it in sound banks, is foolish; fundamental business conditions are sound.

Federal activity in the control of interstate commerce is urged as a protection to the public against certain evil effects of business centralization. Sole control of interstate commerce is provided for under the constitution.

National incorporation act needed for licensing railways to engage in interstate commerce upon certain conditions.

Additional legislation needed for proper control of great business concerns engaged in interstate business.

Anti-trust law should be made more efficient and more in harmony with actual conditions. Supervisory power of government advocated. Anti-trust law should not prohibit combinations that do no injustice to the public.

Real owners of a corporation should be compelled to do business in their own names. Right to hold stock in other corporations should be denied to interstate corporations, unless an approval by proper government officials. Immediate action on currency laws

urged. Greater elasticity needed. Provision should be made for emergency currency.

Tinkering with the tariff just before presidential election is a mistake. Principle of present tariff law could not with wisdom be changed.

Graduated income tax and inheritance tax should be part of federal taxation plan.

Promptness of department of justice in proceeding against wealthy malefactors is evidence that no man stands above the law, that no corporation is so wealthy it cannot be held to account.

Abuse of injunction in labor disputes will ultimately demand some form of legislative action.

Congress should consider the extension of the eight-hour law. The eight-hour day should be extended to all government work.

Compulsory investigation is urged of such industrial controversies as are of such magnitude and concern to the people of the country as a whole to warrant the federal government in taking action.

Public school system is defective in that it puts a premium upon mere literary training and tends to train the boy away from the farm and workshops.

The great river systems should be developed as natural water highways. Deep waterways from lakes to Gulf favored.

Development of irrigation system should be on more extensive scale than ever. Fraud in public land system should be eradicated. Federal control of public range needed.

Work on Panama canal proceeding satisfactorily.

Right of citizenship again urged for people of Porto Rico.

Postal savings bank system recommended along lines proposed by postmaster general.

Legislation urged that will prohibit corporations from contributing to presidential or national campaigns. Publication of contributions and expenditures urged.

Larger and better paid army urged and a bigger navy should be built. Better pay for officers and privates urged.

HASKELL ON POTTER.

Says Pros Will Strive All the Harder to Convert the Bishop.

Guthrie, Okla., Dec. 4.—Governor C. N. Haskell this afternoon received a telegram from a New York paper asking for an opinion on the prohibition question. The telegram follows:

"We respectfully call your attention to an address made by Bishop Henry C. Potter at banquet to the departing consul general to Japan here last night in which Bishop Potter told in detail, to illustrate the adaptability of the Japanese, how he and the Rev. Percy Stickney Grant on one occasion Yokohama were very tired and ordered two Manhattan whiskey cocktails. Bishop Potter declared he had induced Dr. Grant, a tee-totaler and member of the W. C. T. U. to drink one. The bishop took the other, telling him it was exhilarating and stated that Dr. Grant agreed with him.

"We urge you to telegraph at our expense your views on the probable effect on prohibition sentiment of the public declaration."

The governor replied as follows:

"You say that Bishop Potter stated that he and the Rev. Percy Stickney Grant drank whiskey cocktails in Yokohama and both pronounced them exhilarating. You ask me what effect this declaration from Bishop Potter will have on the prohibition element. I answer that, out of respect for the distinguished bishop, the prohibitionists will redouble their efforts to convert the bishop to the cause of temperance.

"Public and private prosperity and domestic happiness depend upon sobriety and good morals. The prohibitionists will regret to learn that so able a man as Bishop Potter fails to recognize this, but his declaration will have no deterring effect on the prohibition sentiment. The doctrine of temperance is world-wide and can not be checked, much less destroyed, by the loss of a few supporters among those in high places."

MRS. BRADLEY IS ACQUITTED.

Jury Frees Woman Who Avenged Her Own Wrongs.

Washington, Dec. 3.—"Not guilty," was the verdict rendered today by the jury in the case of Mrs. Annie M. Bradley, charged with the murder of former United States Senator Arthur M. Brown of Utah at a hotel in this city on December 8, last.

Amid the applause of a crowd that filled the court room, Mrs. Bradley, with tear-dimmed eyes, was discharged from custody and a trial that has evoked national attention during the past three weeks was at an end.

Throughout its deliberations the jury into whose hands the case was delivered by Justice Stafford at 4:17 o'clock yesterday afternoon, practically stood at 11 to 1 for acquittal until the final ballot, when the lone juror who was holding out for some form of

punishment, gave in and the verdict of acquittal was agreed on.

A few minutes before 10 o'clock word reached the court room that the jury was ready to report. As the judge entered the crowd stood while the court crier announced the opening of the court with the customary "God save the government." The door opened and the jury filed in.

Foreman James L. Feeney nervously clutched in his hand the document that meant so much to the frail and nerve-wrecked woman in the prisoner's chair.

"Gentlemen of the jury," asked the clerk, "have you reached a verdict?"

"We have," answered the foreman.

"What is your verdict; is the defendant guilty or not guilty?"

"Not guilty," replied the foreman, and "not guilty" echoed everyone of the jurors.

For a moment, in the tenseness of the excitement, not a word could be heard, then the suspense was over and a murmuring "Thank God" from a group of women who sat on the front bench was heard through the court room and was the signal for a demonstration.

THE CRUCE APPOINTMENT.

Governor Haskell's appointment of Hon. Lee Cruce, of Ardmore, late aspirant against the governor for the democratic gubernatorial nomination, as one of the regents of the State University at Norman, is one which will meet with universal commendation.

In this connection it may be stated that Mr. Cruce's business affairs are so extensive that he could not accept a position at the governor's disposal requiring the devotion of his entire time to its duties, and for that reason was not an applicant in any sense. The governor, however, desiring to recognize Mr. Cruce's excellent business qualification to a faithful and loyal democrat selected him to fill the first vacancy occurring on the board of regents, which is one of the most honorable positions in the state.

It was a handsome compliment to Mr. Cruce and evinces a spirit of magnanimity on the part of the governor which is highly commendable.

DISPENSARIES MUST BE THE "RIGHT KIND."

The Rev. E. C. Dinwiddie at Head of Temperance Law Seeking Body.

Guthrie, Okla., Dec. 4.—The Rev. E. C. Dinwiddie, at the head of the national prohibition movement, whose former home was at Oklahoma City, but now lives in Washington, D. C., has established headquarters here. A number of prohibition workers have joined him, and a strong effort will be made to secure the proper enactment of temperance laws before the legislature.

The Rev. Mr. Dinwiddie stated this afternoon that he would not make an effort to block anything in the way of dispensaries in the various Oklahoma counties but that he would use every effort to see that the right kind of dispensaries are established.

"And I want it understood that there is emphasis on the 'right kind' of dispensaries," he added.

KILLS FATHER TO SAVE HIS MOTHER

"I Don't Care For Hanging if Mother Is Safe," Says Youth.

Golden, Colo., Dec. 4.—In order to save the lives of his mother and little sisters, Albert H. Kuehnle, 23 years old, shot and instantly killed his father, Fritz Kuehnle, at their home in East Golden.

When the elder Kuehnle got up this morning he seized the weapon and started after his wife as she was preparing the morning meal. He caught the frightened woman by the throat and backed her into the corner of the kitchen and said, "Now, — you I'll kill you!"

The noise of the scuffle attracted the attention of the eldest son, Albert, who rushed into the kitchen just as his father was pointing the gun at Mrs. Kuehnle. Young Kuehnle grabbed his

READY FOR MINERS RIOT.

Governor of Nevada Asks U. S. to Give Protection.

Washington, Dec. 4.—President Roosevelt has issued orders to have federal troops held in readiness to aid in restoring order at Goldfield, Nev. This action was taken upon representation from Governor Sparks of that state that the miners at Goldfield are in revolt and riot.

Nevada is the one state in the union which has no state militia. Governor Sparks does not deem the situation such as to justify immediate federal interference, but as one likely at any time to get beyond his ability to control. The nearest federal military basis is at San Francisco.

Bryan Talks With Senators.

Washington, Dec. 3.—William J. Bryan spent an hour or more in the marble room of the senate today, the time being principally devoted to an exchange of courtesies with senators. Most of the democratic members of the senate called during the time to pay their respects, as did also a number of republicans, including Senator Burkett of Mr. Bryan's own state. Gov. Vardaman of Mississippi also was among the distinguished Nebraskan's callers.

Mr. Bryan declared that his visit was without significance, and was only to meet his friends. He left tonight for New York, whence his wife and daughter will sail soon for Europe.

Notice to Oklahoma Dentists.

The Oklahoma Board of Dental Examiners desires the name and address of every dentist practicing in the Indian Territory side of the new state, at once. So, if all those that have not already done so will furnish the secretary of the board with this information, blanks for registration will be sent them and as soon as the board has this information they will meet and register all those entitled to registration. The board has set Jan. 28th to 30th for this purpose at a meeting to be held at Muskogee, but will meet sooner if the above request is promptly complied with. Please give this matter your prompt attention, and thus expedite matters. A. C. HIXON, Sec. Guthrie, Okla.

### State Bar Commission Meets.

Hon. Thos. D. McKeown, state bar commissioner has returned from a two days' meeting of the state bar commission at Guthrie. The commission met for the purpose of formulating rules governing the admission and enrollment of lawyers before the supreme court.

H. A. Ledbetter of Ardmore, was chosen chairman of the meeting and Bart Martin of Perry was made secretary. The rules made were endorsed by the supreme court.

Mr. McKeown was present when the first decision in the supreme court was rendered. In the case of Oklahoma City vs. the Oklahoma City Street Railway, a verdict was rendered in favor of the plaintiff making it no violation of the anti-pass law for all firemen, policemen, and U. S. mail carriers in Oklahoma City be allowed to ride on street cars free of charge.

### YEARNING FOR OLD FRIENDS.

Gray-Headed Man Wants to Read Boyhood Favorites.

"If I were in the publishing business," said the gray-headed man, "I'd get out a school reader and put into it some of the old poems and stories that were favorites forty years ago. It would do the youngsters good to get acquainted with that ancient and honorable literature, while as for their parents, who sometimes look through a school book seeking in vain for a familiar echo of their own childhood days, why, they would get a whiff of the inspiration of youth that would last at least 15 years off their age. I'd put in that poem about 'Make Me a Child Again Just for Tonight,' and that other one where the little girl wants to know if 'God isn't on the ocean just the same as on the land.' Then there are 'The Gambler's Wife,' 'Lewellyn and His Dog,' 'We Are Seven,' and 'Lazy Ned.' I'd print all these old gems and sandwich them in between the speeches of Patrick Henry and Daniel Webster, and that old classic about the contented boy who had no kick against life as he found it, even though he hadn't even a turnip to eat. Maybe my book, when I had finished compiling it, wouldn't find favor with a modern school board, but I'll warrant you it would strike a sympathetic chord in the breast of many a reader, old and young."

### LINK WITH THE DEAD PAST.

Woman Has Handkerchief Stained with Blood of Charles I.

An interesting Derbyshire "link with the past" is recalled by Mr. J. H. Sharpley of Hatfield college, Doncaster. In a letter to the Sheffield Telegraph. He says: "In 1872, when a boy, staying at Hlland ward, Derbyshire, I called on an old woman, Elizabeth Durose, then 97, widow of a farmer, who told me that her grandmother, when a girl, had known a man—a distant relative—who had witnessed the execution of Charles I. The old woman then took out of a corner cupboard an old prayer-book, bound in black leather, which was, I fancy, of the time of Queen Anne, for I remember it had a frontispiece picturing a person in gown and bands, and wearing a long wig, saying prayers in a 'three-decker.' Opening it at the form of service for January 30, she showed me a piece of coarse linen, of the color of a dead leaf, which she said was a portion of a handkerchief which had been dipped in the king's blood, and was given to her grandmother by the above eye-witness. When it first passed into her possession it was nearly entire, but her children had played with it, and this was all she had managed to preserve."—Derby (England) Telegraph.

### Wolf in Italian Town.

It is not often that European eyes witness the spectacle of a wolf trotting leisurely through the streets in broad daylight, and with little apparent concern. Such an incident happened recently in the Italian town of Anzeano. The wolf went sniffing first in the direction of one house and then of another as he went along. Passing by the hospital, an attendant of sporting instincts saw the game, and, rushing for a gun, gave chase. Before long he got a chance for a shot, which hit the wolf, and, following this up with another, the beast was slain. Its presence in the town is accounted for by the theory that the beast had been hunting over night away from his haunts, and after eating to satiety and sleeping through the night, was making his way back to his lair.

### Commissioners' Court.

The county commissioners' court adjourned yesterday after noon after a three days' session. Considerable business was disposed of.

The following appointments were made: J. O. McCloud was appointed township clerk for township No. 8; Dr. Hall was appointed constable for township No. 8; R. J. Kenham was appointed trustee for township No. 7; and E. L. Bunch was appointed janitor for the court-house.

The Ada Evening News was made the official organ of Pontotoc county.

The court house was leased for a period of twelve months.

The district court room, was rented to Harry Parks until the first of next January. Mr. Parks will use the court room for the opera house.

The First National Bank was made the county depository.

The bond of County Treasurer Cates was approved of by the commissioners.

Several minor municipal bonds were also approved.

M. A. Sharp was also appointed justice of the peace for township No. 9.

### MAY ASK FOR RECEIVER.

Oklahoma Attorney General Considering Fort Smith and Western.

Guthrie, Ok., Dec. 3.—It is announced by Attorney General Charles J. West that a receiver may be asked for the Fort Smith and Western railroad, which recently filed suit in the district court here asking a dissolution of its Oklahoma charter, enabling it to operate under its Arkansas charter. The allegation is that the road desires to be relieved of responsibility to the state corporation commission. Mr. West now has the matter under discussion with his special advisor, Col. Roy V. Hoffman of Chandler.

## NEWS PREMIUM Subscription Contest.

Beginning Monday, December 2nd to continue four months, ending March 31st, The News will conduct a contest devoted to securing a large and more extended circulation and to properly rewarding those who may become our associates and helpers in this undertaking.

As outlined in last week's News, all the features of the contest will be simple. Several valuable premiums will be given to those securing themselves, or through their friends, the greatest number of Subscribers to the News.

All the premiums will be listed in the order of their conservatively estimated values. At the expiration of the contest, the premium awards will be made by the contest judges with a view to their fitness, based on their reputations for honesty and fair dealing.

To the lady contestant securing the highest number of votes there will be given a \$500 upright, standard brand piano, accompanied with a guarantee of ten years. To the contestant ladies and gentlemen included—securing the second highest number of votes there will be given a warranty deed to a Two Hundred Dollar well located residence lot situated in the best town in this section of the country.

There will be several other premiums included in other valuable real estate situated in the more substantial towns in this section, and in addition a \$100 standard typewriter and an \$80.00 life scholarship in Hill's business college.

This is called The News \$1,500-Subscription Contest, for it is proposed to give that much in value in premiums. So attractive will be this contest, that those entering may safely feel certain that for a few week's pleasant occupation, there may be secured not only wide reputation for popularity and high standing, but, as well the ownership of substantial property, which under ordinary circumstances would take many long months of hard labor to acquire.

The News suggests that you be first from your community to get in the contest. You will be gratified to learn the number of your friends who will save News coupons good for six votes for you and as well renew their subscriptions and become new subscribers. For every dollar collected in any manner on subscription to the News there will be credited in favor of contestant whom subscriber may designate One Hundred Votes. It has been decided that for every dollar paid on subscription to The Daily News, there will only be allowed fifty votes instead of One Hundred Votes as in the Weekly News and instead of each coupon in the Daily News being good for six votes as in the Weekly News, each Coupon will only be worth one vote.

This premium contest is inaugurated principally in behalf of The Weekly News, and it is determined that the rules promulgated shall not militate against the boys and girls and men and women in the country districts. After this week the location of the premiums in contest will be published that all may determine for themselves the value of News premium offers.

All interested parties are cordially invited to communicate with the editor, either through correspondence or by personal call.

### FOUR COTTON BILLS ARE UP.

#### Congressman From Texas Has Strong Measure for Uniform Standard.

Washington, Dec. 4.—Four bills of interest to the cotton interests, which, if passed, will round out legislation heretofore put through congress by Representative Burleson of Texas and which is intended to enable the farmer to get a legitimate price for his cotton, that is, a price uninfluenced by anything save the law of supply and demand.

The first is a bill providing for a quinquennial census of the acreage planted to cotton. If enacted this would be of inestimable value to the bureau of statistics, as it will afford it a more frequent standard of the acreage planted thus enabling it to be more accurate in its annual estimates.

"Every cotton producer," says Mr. Burleson, "will appreciate the importance and value of this. I have conferred with Director North, and he has endorsed it earnestly and will urge it in his annual report. This will be the third time I have introduced this bill, and this time I feel sure it will become a law."

The second measure will be a bill providing for a uniform standard of cotton classification. Last session, just before adjournment, Burleson introduced this bill in order to provoke a discussion of its purposes. It has been endorsed by all who are interested in cotton, save the speculating crowd. He believes he will be able to pass this bill through the house, though it may not be passed by the senate during the first session of this congress. The report to be made by Commissioner of Corporations Smith, in accordance with the Burleson-Livingston resolution directing an investigation of the New York cotton exchange, will prove of great assistance in the passage of this bill. When this bill becomes a law it will afford a measure of protection to the producer against the rapacity and greed of the middle man, who frequently is not content to make a fair profit, but underclasses the cot-

ton he is buying to the great injury of the planter. For a small sum every warehouse and Farmers' Union under this bill could secure the standard of classification and with it can readily determine the correct class of his cotton and thereby secure a fair price.

The third will be a bill having for its purpose the minimizing, as far as possible, of the wild speculation in cotton futures on the New York and New Orleans Cotton Exchanges. Mr. Burleson has conferred with Mr. Hepburn of Iowa, who declares his purpose to introduce and press to passage a measure looking to the suppression of the sales of stocks on margin, and he declares his willingness to co-operate with those interested in suppressing gambling in cotton futures.

The fourth bill Burleson intends to introduce has become known as the anti-leak bill. He has twice secured retary of agriculture will urge in his annual report the passage of some measure to cover this subject.

### KNOWN EVERYWHERE

When an eminent authority announced the fact that he had found a new way to treat that dread American disease, Rheumatism, with just common, every day drugs, found in any drug store, the physicians were slow indeed to attach much importance to his claims. This was only a few months ago. Today nearly every newspaper in the country is announcing it and the splendid results achieved. It is so simple that any one can prepare it at home at small cost. It is made up as follows: Get from any good prescription pharmacy Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful

doses after each meal and at bedtime. These are all simple ingredients, making an absolutely harmless home remedy at little cost.

Rheumatism, as every one knows, is a symptom of deranged kidneys. It is a condition produced by the failure of the kidneys to properly filter or strain from the blood the uric acid and other matter which, if not eradicated, either in the urine or through the skin pores, remains in the blood, decomposes and forms about the joints and muscles, causing the untold suffering and deformity of rheumatism.

This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys, and gives almost immediate relief in all forms of bladder and urinary troubles and back ache.

It was further resolved that the president and a majority of the board of directors be authorized under the seal of the corporation, to file proper certificates of amended articles of incorporation, as heretofore provided with the clerk of the United States Court of Appeals, at McAlester, Indian Territory, and the clerk of the United States Court at Ada, Indian Territory, as provided by section 976, of Chapter 29, Mansfield's Digest of the Laws of Arkansas, extended to and put in force in the Indian Territory, as aforesaid.

IN WITNESS WHEREOF, We, the undersigned, being all of the Stockholders of said Ada Title and Trust Company, have hereunto set our hands and seals, at Ada, I. T., this 26th day of October, A. D. 1907.

## ROOSEVELT AND THIRD TERM

### National Republican Committee Fa- vor Renomination of the President

Washington, Dec. 4.—The likelihood  
is that the next National Republican  
convention will be held at Kansas City.  
St. Louis has withdrawn from the con-  
test and Chicago representatives are  
not prepared to put up the money guar-  
anty that is usually exacted, it is said,  
which indicates that Kansas City will  
get the prize almost by default. At all  
events that city's boomers celebrated  
tonight as if victory is assured.

The sentiment among the big crowd  
of politicians brought to town by the  
gathering of the national committee-  
men is overwhelmingly favorable to  
the renomination of President Roose-  
velt. Next to the President, Secretary  
Taft seems to have more supporters  
than any one of the other aspirants,  
but his supporters are by no means a  
majority of the crowd. A number  
of the politicians here have called on  
the president and told him that the  
country is overwhelmingly in favor of  
his re-election, but it is said he has  
in every instance discouraged all talk  
of his renomination.

That there is a decided lack of har-  
mony among the republicans is pal-  
pable. Speaking privately, members of  
the committee and others who have

been drawn here by its meeting admit  
that no one but Roosevelt can bring  
the party together in any thing like  
united support of the president's pol-  
icies. They believe that with the pre-  
sident eliminated, the party will split in  
the effort to make a platform. The sit-  
uation in Ohio is especially disquiet-  
ing. It is even feared that the fight  
between Secretary Taft and Senator  
Foraker will result in two conventions.  
Chairman New is under suspicion of  
being in league with the reactionaries  
and some of Secretary Taft's ad-  
herents are saying tonight that they will  
depose him from the chairmanship.  
Just how they are to do this, neither  
they nor anyone else seems to know.  
It is not likely that they have strength  
enough in the committee to demand his  
renomination even if they were bent on  
that desperate course.

### Grief Stricken Parents Penniless Af- ter Long Search. Riot Threatened

St. Louis, Dec. 4.—By means of a  
writ of habeas corpus secured from  
the circuit court, Antonio Thompson  
and his wife of Los Angeles, Calif., to-  
day secured possession of their 16-year  
old daughter Marie from a band of  
gypsies encamped on the western out-  
skirts of St. Louis. The parents de-  
clare the daughter was stolen from  
them a year ago and that since then  
they have traveled thousands of miles  
and spent practically all their money  
in searching for her.

Disguised as gypsies themselves they  
invaded the gypsy camp and found  
their daughter. She threw herself into  
their arms, but a number of gypsies  
under direction of their leader, King  
John Adams, seized the girl and drove  
the parents out of the camp assert-  
ing the girl had been voluntarily sold  
to them and belonged to the tribe.

The grief stricken parents invoked  
the aid of the court and secured a  
writ of habeas corpus. Accompanied  
by Deputy Sheriff Barker and a num-  
ber of citizens of Clayton they return-  
ed to the camp later today and the  
girl was taken from the gypsies al-  
though for a few moments the nomads  
made a demonstration and threatened  
a riot.

## DOINGS OF THE HOUSE

### Arrangements for Transfer of Money --Many Emergency Measures of Importance Introduced

Guthrie, Okla., Dec. 4.—A committee  
of seven appointed by Speaker Murray  
this morning to consult on several  
amendments offered to the Sken Jim  
crow measure has formulated a report  
recommending adoption of the origi-  
nal bill, and when it is given special  
place on the calendar at 10 o'clock to-  
morrow there is little doubt of its pas-  
sage.

The Jim crow measure is a town  
topic of absorbing interest and the ac-  
tivity of the republican opposition equals  
in intensity the senatorial fight of a  
few days ago.

One representative comes from a  
county that has a thousand negro ma-  
jority. He promised to protect their  
interests and the fellow actually fears  
to return home and face this part of  
his constituency with a separate coach  
law hanging over them.

The corporation commission to-  
morrow will order the official publication  
of the Jim crow order providing for  
separate coaches on all railroads with  
in the state for whites and blacks, the  
interstate two-cent law compelling

most of the time at today's session.  
Resolutions memorializing congress  
to reimburse delegates to the consti-  
tutional convention for money expen-  
ded for transportation and per diem af-  
ter the congressional appropriation em-  
bodied in the enabling act for this  
purpose had been exhausted and ex-  
tending thanks to Senator Beveridge  
and Representative Hamilton for their  
fight for statehood were offered.

After having been made a special or-  
der for tomorrow morning's session of  
the house the Jim crow measure  
which was introduced yesterday by  
Mr. Sken of Johnson was placed in  
the hands of a special committee on  
Sinking of Sken. Rufus Williams of  
Comanche, Edward Bryn of Whitehurst  
and Oke to whom all amendments  
are to be referred.

Speaking of the matter of penalties  
Speaker Murray interposed a reminder  
that the railroad commission is vested  
by the constitution with authority to  
compel the railroads to establish and  
maintain separate coaches and waiting  
rooms and inflict penalties for viola-

### Development of a Day.

Emergency measures covering the  
transfer of the \$1,000,000 appropriated  
by congress for Oklahoma, the invest-  
ing of this and other school funds by  
the land commission, the appointment  
of the governor of a state printer, the  
transfer of records to new counties

treasurers of those counties, took up

the authority is high  
than any the legislature might impose.  
In other words so far as the duties of  
the commission are concerned Okla-  
homa does not of necessity require a  
separate coach and waiting room law  
on her statutes.

Mr. Sken's bill is similar to that  
introduced in the senate yesterday by  
Senator Graham in the substance of  
its provisions.

### Proposes Reimbursement.

has in his possession a complete sched-

## NEWS PREMIUM Subscription Contest.

Beginning Monday, December 2nd to continue four months, ending March 31st, The News will conduct a contest devoted to securing a large and more extended circulation and to properly rewarding those who may become our associates and helpers in this undertaking.

As outlined in last week's News, all the features of the contest will be simple. Several valuable premiums will be given to those securing themselves, or through their friends, the greatest number of Subscribers to the News.

All the premiums will be listed in the order of their conservatively estimated values. At the expiration of the contest, the premium awards will be made by the contest judges with a view to their fitness, based on their reputations for honesty and fair dealing.

To the lady contestant securing the highest number of votes there will be given a \$500 upright, standard brand piano, accompanied with a guarantee of ten years. To the contestant ladies and gentlemen included—securing the second highest number of votes there will be given a warranty deed to a Two Hundred Dollar well located residence lot situated in the best town in this section of the country.

There will be several other premiums included in other valuable real estate situated in the more substantial towns in this section, and in addition a \$100 standard typewriter and an \$80.00 life scholarship in Hill's business college.

This is called The News \$1,500-Subscription Contest, for it is proposed to give that much in value in premiums. So attractive will be this contest, that those entering may safely feel certain that for a few week's pleasant occupation, there may be secured not only wide reputation for popularity and high standing, but, as well the ownership of substantial property, which under ordinary circumstances would take many long months of hard labor to acquire.

The News suggests that you be first from your community to get in the contest. You will be gratified to learn the number of your friends who will save News coupons good for six votes for you and as well renew their subscriptions and become new subscribers. For every dollar collected in any manner on subscription to the News there will be credited in favor of contestant whom subscriber may designate One Hundred Votes. It has been decided that for every dollar paid on subscription to The Daily News, there will only be allowed fifty votes instead of One Hundred Votes as in the Weekly News and instead of such coupon in the Daily News being good for six votes as in the Weekly News, each Coupon will only be worth one vote.

This premium contest is inaugurated principally in behalf of The Weekly News, and it is determined that the rules promulgated shall not militate against the boys and girls and men and women in the country districts. After this week the location of the premiums in contest will be published that all may determine for themselves the value of News premium offers.

All interested parties are cordially invited to communicate with the editor, either through correspondence or by personal call.

### FOUR COTTON BILLS ARE UP.

#### Congressman From Texas Has Strong Measure for Uniform Standard.

Washington Dec 4.—Four bills of interest to the cotton interests, which if passed will round out legislation heretofore put through congress by Representative Burleson of Texas and which is intended to enable the farmer to get a legitimate price for his cotton, that is, a price uninfluenced by anything save the law of supply and demand.

The first is a bill providing for a quennial census of the acreage planted to cotton. If enacted this would be of incalculable value to the bureau of statistics as it will afford it a more frequent standard of the acreage planted thus enabling it to be more accurate in its annual estimates.

Every cotton producer says Mr. Burleson "will appreciate the importance and value of this. I have conferred with Director North, and he has endorsed it earnestly and will urge it to his annual report. This will be the third time I have introduced this bill, and this time I feel sure it will become a law."

The second measure will be a bill providing for a uniform standard of cotton classification. Last session just before adjournment Burleson introduced this bill in order to provoke a discussion of its purposes. It has been endorsed by all who are interested in cotton save the speculating crowd. He believes he will be able to pass this bill through the house though it may not be passed by the senate during the first session of this congress. The report to be made by Commissioner of Corporations Smith in accordance with the Burleson-Livingston resolution directing an investigation of the New York cotton exchange, will prove of great assistance in the passage of this bill. When this bill becomes a law it will afford a measure of protection to the producer against the rapacity and greed of the middle man who frequently is not content to make a fair profit but and refuses to co-

operate with the great injury of the planter. For a small sum every warehouse and Farmers Union under this bill could secure the standard of classification and with it can readily determine the correct class of his cotton and thereby secure a fair price.

The third will be a bill having for its purpose the minimizing as far as possible, of the wild speculation in cotton futures on the New York and New Orleans Cotton Exchanges. Mr. Burleson has conferred with Mr. Hepburn of Iowa, who declares his purpose to introduce and press to passage a measure looking to the suppression of the sales of stocks on margin and he declares his willingness to co-operate with those interested in suppressing gambling in cotton futures.

The fourth bill Burleson intends to introduce has become known as the anti-leak bill. He has twice secured ratification of agriculture will urge in his belief he can do so again. The secretary of agriculture will urge in his annual report the passage of some measure to cover this subject.

### KNOWN EVERYWHERE

When an eminent authority announced that he had found a remedy for the most common ailment of the human body, it was not long before the physicians were slow to attach such importance to his claims. This was only a few months ago. Today nearly every newspaper in the country is announcing it, and the splendid results achieved by it so simple that any one can prepare it at home at small cost. It is made up as follows: Get from my good prescription pharmacy Fluid Extract Dan-dellon, one-half ounce. Compound Kargon one ounce. Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful doses after each meal and at bedtime. These are all simple ingredients making an absolutely harmless home remedy at little cost.

It matters as every one knows, a symptom of diseased kidney. A condition produced by the failure of the kidneys to properly filter out from the blood the waste and impurities which a not circulate with in the urine or through the skin pores remains in the blood and composes and forms about the joints and muscles, causing the untold suffering and deformity of rheumatism. This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys and gives almost immediate relief in all forms of bladder and urinary troubles and back ache.

personal property, mines, mining claims, mining leases, timber and timber lands, coal lands, oil lands, gas lands, and mineral lands and rights of every character, oil, gas, coal, asphaltum, lead, zinc, gold, silver, marble, stone, salt and all other minerals and to work, mine, operate, develop, manufacture, refine, reproduce and convert the same into any and all forms, combinations and conditions into which the same or any of them are capable of being converted, and to sell and dispose of the same, to cultivate and improve real estate.

To own and establish townships and subdivide the same into blocks, lots, streets and alleys and sell the same to own and plat additions to towns already established and sell the same, and to act as agent of the owners of townships and additions to established towns in the managements and sale of lots therein.

To do manufacturing and mercantile business, to buy, own, sell, handle, control letters, patent, inventions and the shares of stock of other corporations, and to exercise in respect to all such bonds mortgages notes, debentures real estate, trusts shares of stock and other securities rights and properties and obligations, all the rights powers and privileges of individual owners thereof including the right to vote upon any shares of stock owned

by it to same extent that a natural person might or could do, to construct, own, equip and operate pipe lines for the purpose of transporting oil, water, gas, and to do any and all other acts and things and to exercise any and all other powers which a co-partnership or natural person should do or exercise and which may now or hereinafter be authorized by law.

It was further resolved that the president and a majority of the board of directors be authorized under the seal of the corporation, to file proper certificates of amended articles of incorporation, as heretofore provided with the clerk of the United States Court of Appeals, at McAlester, Indian Territory, and the clerk of the United States Court at Ada, Indian Territory, as provided by section 976 of Chapter 29, Mansfield's Digest of the Laws of Arkansas, extended to and put in force in the Indian Territory, as aforesaid.

## ROOSEVELT AND THIRD TERM

### National Republican Committee Favor Renomination of the President

Washington, Dec. 4.—The likelihood is that the next National Republican convention will be held at Kansas City. St. Louis has withdrawn from the contest and Chicago's representatives are not prepared to put up the money guarantee that is usually exacted, it is said, which indicates that Kansas City will get the prize almost by default. At all events that city's boomers celebrated tonight as if victory is assured.

The sentiment among the big crowd of politicians brought to town by the gathering of the national committee-men is overwhelmingly favorable to the renomination of President Roosevelt. Next to the President, Secretary Taft seems to have more supporters than any one of the other aspirants, but his supporters are by no means a majority of the crowd. A number of the politicians here have called on the president and told him that the country is overwhelmingly in favor of his re-election, but it is said he has in every instance discouraged all talk of his renomination.

That there is a decided lack of harmony among the republicans is palpable. Speaking privately, members of the committee and others who have

been drawn here by its meeting admit that no one but Roosevelt can bring the party together in any thing like united support of the president's policies. They believe that with the president eliminated, the party will split in the effort to make a platform. The situation in Ohio is especially disquieting. It is even feared that the fight between Secretary Taft and Senator Foraker will result in two conventions. Chairman New is under suspicion of being in league with the reactionaries and some of Secretary Taft's adherents are saying tonight that they will depose him from the chairmanship. Just how they are to do this, neither they nor anyone else seems to know. It is not likely that they have strength enough in the committee to demand his resignation even if they were bent on that desperate course.

#### WAS SOLD INTO THE TRIBE.

#### Grief Stricken Parents Penniless After Long Search. Riot Threatened

St. Louis, Dec. 4.—By means of a writ of habeas corpus secured from the circuit court, Antonio Thompson and his wife of Los Angeles, Calif., today secured possession of their 16-year old daughter Marie from a band of gypsies camped on the western outskirts of St. Louis. The parents declare the daughter was stolen from them a year ago and that since then they have traveled thousands of miles and spent practically all their money in searching for her.

Disguised as gypsies themselves they invaded the gypsy camp and found their daughter. She threw herself into their arms, but a number of gypsies under direction of their leader, King John Adams, seized the girl and drove the parents out of the camp asserting the girl had been voluntarily sold to them and belonged to the tribe.

The grief stricken parents invoked the aid of the court and secured a writ of habeas corpus. Accompanied by Deputy Sheriff Banker and a number of citizens of Clayton they returned to the camp late today and the girl was taken from the gypsies although for a few moments the nomads made a demonstration and threatened a riot.

Given and fore May attend Legislature. Guthrie, Okla., Dec. 4.—Robert Owen and J. P. Gore, senators to be from Oklahoma are expected to arrive in Guthrie in time to be present Tuesday when they are formally elected to the United States senate. They will return to Washington immediately.

## DOINGS OF THE HOUSE

### Arrangements for Transfer of Money --Many Emergency Measures of Importance Introduced

Guthrie, Okla., Dec. 4.—A committee of seven appointed by Speaker Murray this morning to consult on several amendments offered to the Skene Jim Crow measure has formulated a report recommending adoption of the original bill, and when it is given special place on the calendar at 10 o'clock tomorrow there is little doubt of its passage.

The Jim Crow measure is a town topic of absorbing interest and the activity of the republican opposition equals in intensity the senatorial fight of a few days ago.

One representative comes from a county that has a thousand negro majority. He promised to protect their interests and the fellow actually fears to return home and face this part of his constituents with a separate coach law hanging over them.

The corporation commission tomorrow will order the official publication of the Jim Crow order providing for separate coaches on all railroads with in the state for whites and blacks. The interstate two-cent law compelling

most of the time at today's session.

Resolutions memorializing congress to reimburse delegates to the constitutional convention for money expended for transportation and per diem after the congressional appropriation embodied in the enabling act for this purpose had been exhausted and extending thanks to Senator Beveridge and Representative Hamilton for their fight for statehood were offered.

After having been made a special order for tomorrow morning's session of the house the Jim Crow measure which was introduced yesterday by Mr. Skene of Johnson was placed in the hands of a special committee consisting of Skene, Rufus Williams of Comanche, Edward Bryan of Whitehurst and Coke to whom all amendments are to be referred.

Speaking of the matter of penalties Speaker Murray interposed a reminder that the railroad commission is vested by the constitution with authority to compel the railroads to establish and maintain separate coaches and waiting rooms and inflict penalties for viola-

the railroads to sell two-cent tickets to points in Kansas and Missouri and to make a two-cent rate to the state line when selling tickets to points in other states where the two-cent rate law is now in effect.

#### Development of a Day.

Emergency measures covering the transfer of the \$1,000,000 appropriated by congress for Oklahoma, the investing of this and other school funds by the land commission the appointment by the governor of a state printer the transfer of records to new counties and providing for payment of taxes to treasurers of those counties took up

tions, and that the authority is higher than any the legislature might impose. In other words so far as the duties of the commission are concerned Oklahoma does not of necessity require a separate coach and waiting room law on her statutes.

Mr. Skene's bill is similar to that introduced in the senate yesterday by Senator Graham in the substance of its provisions.

#### Proposes Reimbursement.

Mr. Rainey of Atoka introduced a resolution providing that congress should reimburse the state for the aggregate amount of per diem and trav-

elling expenses contracted by the members of the constitutional convention in completing the constitution after the appropriation by congress had been exhausted and the limited number of days passed over and that in the halls of the legislature be hung portraits in life size of President Murray and in group arrangement of the other members of that body. The resolution was in violation of the constitution in providing for legislative appropriation for immediate reimbursement of the constitutional delegates and was referred back to its author for amendment.

Speaker Murray stated that he has in his possession a complete schedule of indebtedness incurred which he expects to present to the legislature and he will urge that congress appropriate sufficient money to reimburse the convention members for this expense. Mr. Means of Cherokee introduced a similar resolution to that of Mr. Rainey.

#### State Institution Sinks.

A resolution by Mr. Davis in honor of a vote to permit a committee of three to visit the state insane hospital, receive propositions and report to the governor before the first adjournment of the house. It was referred to the committee on public institutions.

A joint resolution was referred to the committee on Indian affairs memorializing congress to limit the

sale of all Indian lands save allotment existing in the Indian Territory section.

#### Provides for State Printer.

Introduced by Speaker Murray as an emergency measure house bill No. 5, provides for the creation of the office of state printer and authorizes the governor to make appointments.

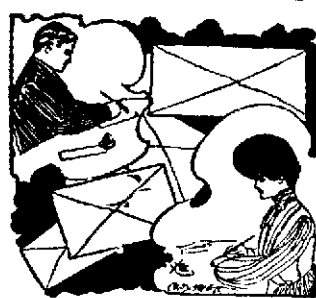

House bill No. 7, introduced by Mr. Vanderveer of Washington, authorizes the treasurer of the United States to transmit to the treasurer of Oklahoma on December 12, or as soon thereafter as possible, \$500,000 of the congressional appropriation of \$7,000,000 given the state. In lieu of school land sections sixteen and thirty-six in Oklahoma is Indian territory a share of the school fund, and the remainder of the whole amount of stated proceeds. This bill and the one which follows were made by special order for the session tomorrow.

#### In the County Court.

In the case of the State of Oklahoma vs. Wm. Lee charged with carrying concealed weapons the defendant was discharged on account of lack of sufficient evidence.

# FIGHT BEGINS.

## Indian from Oklahoma Center at Wash- ington Regarding Removal of Restrictions.

Washington, D. C., Dec. 1.—The conference between Secretary Garfield and the Oklahoma delegation today led to no results. Secretary Garfield not being as liberal in his views on removal of restrictions as was expected. He appears, however, to want to exercise censorship in the future over the removal of restrictions on surplus lands of the Indians and the mixed bloods and no removal as to the homesteads. It is believed he will agree finally to the removal as far as they apply to surplus lands of all Indians. As a result of the conference no bill will be introduced until after another conference is held.

Washington, Dec. 3.—The subject of the removal of the restrictions of the Indians in the matter of the sale of their lands has been engrossing the attention of the members of the Oklahoma delegation as well as the delegation of Indians sent here by the five civilized tribes. Each of the five congressmen and the two senators have their own ideas on the subject. For a week before congress opened the representatives and senators of Oklahoma were endeavoring to unite on some kind of a measure and put their full strength behind it for passage. It appears now that some kind of united support will be given to proposed legislation on at least this one subject of removing the restrictions of the Indians, for all of the bills proposed by the Oklahoma delegation, while differing in method, aim at identical results.

# Delegation of Chiefs.

Perhaps more interested than the congressmen themselves in the big subject for the new state, are the members of the delegation of chiefs sent here by the five civilized tribes to guard the interests of the Indians in the matter of the legislation affecting their future status in the community. For this purpose the Chickasaws have sent their chief, Governor D. H. Johnston, Ben Colbert and Martin V. Cheandle. The Choctaws are represented by D. H. McCurtain, R. J. Hickman and Peter Hudson. The Cherokees have W. S. Hastings and the Seminoles Chief John Brown as their representatives. Of the Creeks there are here Chief Moty Tiger, G. W. Grayson, Robert Haynes and Young Tiger, son of Chief Moty Tiger. A few of the Creeks are full bloods, and almost without exception, the entire delegation from the five tribes is composed of well educated men.

# Conference Daily.

Conferences have been held almost daily by the different Indian delegations among themselves and with the department of interior. Finally after several meetings, the Indians sent for Congressman C. D. Carter of Ardmore representing the fourth congressional district who is himself an Indian. A free exchange of views took place between this congressman and the Indian delegates, as a result of which the position of a least four of the tribal delegations was formulated into a program covering five points of legislation. The Indians, first of all, want a member of their own race on the house committee on Indian affairs, and for this purpose Governor Johnston and H. D. McCurtain heading a delegation of Chickasaws and Choctaws appeared before John Sharpe Williams, the minority leader, and made a pathetic appeal for Indian representation on the committee asking that Congressman Carter be given a place on the committee. The conference was entirely satisfactory.

# Something that Roosevelt Advocates.

The hoarding of money, instead of keeping it in sound banks, is foolish fundamental business conditions are sound.

Federal activity in the control of interstate commerce is urged as a protection to the public against certain evil effects of business centralization. Sole control of interstate commerce is provided for under the constitution.

National incorporation act needed for bringing railways to engage in interstate commerce upon certain conditions.

Additional legislation needed for proper control of great business concerns engaged in interstate business.

Anti-trust law should be made more efficient and more in harmony with actual conditions. Supervisory power of government of railroad. Anti-trust law should put both at corporations that do no business with the public.

Real owners of a corporation should be compelled to do business in their own names. Right to hold stock in other corporations should be denied to interstate corporations, unless on approval by proper government officials.

Immediate action on currency laws

urged. Greater elasticity needed. Provision should be made for emergency currency.

Tinkering with the tariff just before presidential election is a mistake. Principle of present tariff law could not with wisdom be changed.

Graduated income tax and inheritance tax should be part of federal taxation plan.

Prophetic of department of justice in proceeding against wealthy manufacturers is evidence that no man stands above the law, that no corporation is so wealthy it cannot be held to account.

Abuse of injunction in labor disputes will ultimately demand some form of legislative action.

Congress should consider the extension of the eight-hour law. The eight-hour day should be extended to all government work.

Compulsory investigation is urged of such industrial controversies as are of such magnitude and concern to the people of the country as a whole to warrant the federal government in taking action.

Public school system is defective in that it puts a premium upon mere literary training and tends to train the boy away from the farm and work-shops.

The great river systems should be developed as natural water highways. Deep waterways from lakes to Gulf favored.

Development of irrigation system should be on more extensive scale than ever. Fraud in public land system should be eradicated. Federal control of public range needed.

Work on Panama canal proceeding satisfactorily.

Right of citizenship again urged for people of Porto Rico.

Postal savings bank system recommended along lines proposed by postmaster general.

Legislation urged that will prohibit corporations from contributing to presidential or national campaigns. Publication of contributions and expenditures urged.

Larger and better paid army urged and a bigger navy should be built. Better pay for officers and privates urged.

# HASKELL ON POTTER.

Says Pros Will Strive All the Harder to Convert the Bishop.

Guthrie, Okla., Dec. 4.—Governor C. N. Haskell this afternoon received a telegram from a New York paper asking for an opinion on the prohibition question. The telegram follows: "We respectfully call your attention to an address made by Bishop Henry C. Potter at banquet to the departing consul general to Japan here last night in which Bishop Potter told in detail, to illustrate the adaptability of the Japanese, how he and the Rev. Percy Stickney Grant on one occasion Yokohama were very tired and ordered two Manhattan whiskey cocktails. Bishop Potter declared he had induced Dr. Grant, a teetotaler and member of the W. C. T. U. to drink one. The bishop took the other, telling him it was 'charismatic' and stated that Dr. Grant agreed with him."

"We urge you to telegraph at our expense your views on the probable effect on prohibition sentiment at the public declaration."

The governor replied as follows: "You say that Bishop Potter stated that he and the Rev. Percy Stickney Grant drank whiskey cocktails in Yokohama and both pronounced them exhilarating. You ask me what effect this declaration from Bishop Potter will have on the prohibition element. I answer that, out of respect for the distinguished bishop, the prohibitionists will redouble their efforts to convert the bishop to the cause of temperance."

Public and private prosperity and domestic happiness depend upon sobriety and good morals. The prohibitionists will regret to learn that so able a man as Bishop Potter adds to verbiage this, but his declaration will have no deterring effect on the prohibition sentiment. The doctrine of temperance is world-wide and can not be checked much less destroyed, by the loss of a few supporters among those in high places."

# MRS. BRADLEY IS ACQUITTED.

Jury Frees Woman Who Avenged Her Own Wrongs.

Washington, Dec. 3.—"Not guilty," was the verdict rendered today by the jury in the case of Mrs. Annie M. Bradley, charged with the murder of former United States Senator Arthur M. Brown of Utah at a hotel in this city on December 8, last.

Amid the applause of a crowd that filled the court room, Mrs. Bradley, with tear-dimmed eyes, was discharged from custody and a trial that has excited national attention during the past three weeks was at an end.

Throughout its deliberations the jury into which hands the case was delivered by Justice Stanford at 1:15 o'clock yesterday afternoon, practically stood at 11 to 1 for acquittal until the final ballot, when the lone juror who was holding out for some form of

punishment, gave in and the verdict of acquittal was agreed on.

A few minutes before 10 o'clock word reached the court room that the jury was ready to report. As the judge entered the crowd stood while the court clerk announced the opening of the court with the customary "God save the government." The door opened and the jury filed in.

Foreman James L. Feeney nervously clutched in his hand the document that meant so much to the frail and nerve-wrecked woman in the prisoner's chair.

"Gentlemen of the jury," asked the clerk, "have you reached a verdict?" "We have," answered the foreman.

"What is your verdict; is the defendant guilty or not guilty?" "Not guilty," replied the foreman, and "not guilty" echoed everyone of the jurors.

For a moment, in the tenseness of the excitement, not a word could be heard, then the suspense was over and a murmuring "Thank God" from a group of women who sat on the front bench was heard through the court room and was the signal for a demonstration.

# THE CRUCE APPOINTMENT.

Governor Haskell's appointment of Hon. Lee Cruce, of Ardmore, late aspirant against the governor for the democratic gubernatorial nomination, as one of the regents of the State University at Norman, is one which will meet with universal commendation.

In this connection it may be stated that Mr. Cruce's business affairs are so extensive that he could not accept a position at the governor's disposal requiring the devotion of his entire time to its duties, and for that reason was not an applicant in any sense. The governor, however, desiring to recognize Mr. Cruce's excellent business qualification to a faithful and loyal democrat selected him to fill the first vacancy occurring on the board of regents, which is one of the most honorable positions in the state.

It was a handsome compliment to Mr. Cruce and evinces a spirit of magnanimity on the part of the governor which is highly commendable.

DISPENSARIES MUST BE THE "RIGHT KIND."

The Rev. E. C. Dinwiddie at Head of Temperance Law Seeking Body.

Guthrie, Okla., Dec. 4.—The Rev. E. C. Dinwiddie, at the head of the national prohibition movement, whose former home was at Oklahoma City, but now lives in Washington, D. C., has established headquarters here. A number of prohibition workers have joined him, and a strong effort will be made to secure the proper enactment of temperance laws before the legislature.

The Rev. Mr. Dinwiddie stated this afternoon that he would not make an effort to block anything in the way of dispensaries in the various Oklahoma counties but that he would use every effort to see that the right kind of dispensaries are established.

"And I want it understood that there is emphasis on the 'right kind' of dispensaries," he added.

KILLS FATHER TO SAVE HIS MOTHER.

"I Don't Care For Hanging if Mother Is Safe," Says Youth.

Golden, Colo., Dec. 4.—In order to save the lives of his mother and little sisters, Albert H. Kuehnle, 23 years old, shot and instantly killed his father, Fritz Kuehnle, at their home in East Golden.

When the elder Kuehnle got up this morning he seized the weapon and started after his wife as she was preparing the morning meal. He caught the frightened woman by the throat and backed her into the corner of the kitchen and said, "Now, you'll kill me!"

The noise of the scuffle attracted the attention of the eldest son, Albert, who rushed into the kitchen just as his father was pointing the gun at Mrs. Kuehnle. Young Kuehnle grabbed his

father's arm and tried to wrest the pistol from his hand, but was not strong enough. He finally got his finger on the trigger, and his father again tried to bring the gun to bear on his wife, the son succeeded in turning it toward his father's head and pulled the trigger, the gun still remaining in the grasp of the dead man as he fell.

# READY FOR MINERS RIOT.

Governor of Nevada Asks U. S. to Give Protection.

Washington, Dec. 4.—President Roosevelt has issued orders to have federal troops held in readiness to aid in restoring order at Goldfield, Nev. This action was taken upon representation from Governor Sparks of that state that the miners at Goldfield are in revolt and riot.

Nevada is the one state in the union which has no state militia. Governor Sparks does not deem the situation such as to justify immediate federal interference, but as one likely at any time to get beyond his ability to control. The nearest federal military basis is at San Francisco.

# Bryan Talks With Senators.

Washington, Dec. 3.—William J. Bryan spent an hour or more in the marble room of the senate today, the time being principally devoted to an exchange of courtesies with senators. Most of the democratic members of the senate called during the time to pay their respects, as did also a number of republicans, including Senator Burkett of Mr. Bryan's own state, Gov. Vardaman of Mississippi also was among the distinguished Nebraskan's callers.

Mr. Bryan declared that his visit was without significance; it was only to meet his friends. He left tonight for New York, whence his wife and daughter will sail soon for Europe.

## NEWS PREMIUM Subscription Contest.

Beginning Monday, December 2nd to continue four months, ending March 31st. The News will conduct a contest devoted to securing a large and more extended circulation and to properly rewarding those who may become our associates and helpers in this undertaking.

As outlined in last week's News, all the features of the contest will be simple. Several valuable premiums will be given to those securing themselves, or through their friends, the greatest number of Subscribers to the News.

All the premiums will be listed in the order of their conservatively estimated values. At the expiration of the contest, the premium awards will be made by the contest judges with a view to their fitness, based on their reputations for honesty and fair dealing.

To the lady contestant securing the highest number of votes there will be given a \$500 upright, standard brand piano, accompanied with a guarantee of ten years. To the contestant ladies and gentlemen included—securing the second highest number of votes there will be given a warranty deed to a Two Hundred Dollar well located residence lot situated in the best town in this section of the country.

There will be several other premiums included in other valuable real estate situated in the more substantial towns in this section, and in addition a \$100 standard typewriter and an \$80.00 life scholarship in Hill's business college.

This is called The News \$1,500 Subscription Contest, for it is proposed to give that much in value in premiums. So attractive will be this contest, that those entering may safely feel certain that for a few week's pleasant occupation, there may be secured not only wide reputation for popularity and high standing, but, as well the ownership of substantial property, which under ordinary circumstances would take many long months of hard labor to acquire.

The News suggests that you be first from your community to get in the contest. You will be gratified to learn the number of your friends who will save News coupons good for six votes for you and as well renew their subscriptions and become new subscribers. For every dollar collected in any manner on subscription to the News there will be credited in favor of contestant whom subscriber may designate One Hundred Votes. It has been decided that for every dollar paid on subscription to The Daily News, there will only be allowed fifty votes instead of One Hundred Votes as in the Weekly News and instead of each coupon in the Daily News being good for six votes as in the Weekly News, each coupon will only be worth one vote.

This premium contest is inaugurated principally in behalf of The Weekly News, and it is determined that the rules promulgated shall not militate against the boys and girls and men and women in the country districts. After this week the location of the premiums in contest will be published that all may determine for themselves the value of News premium offers.

All interested parties are cordially invited to communicate with the editor, either through correspondence or by personal call.

### FOUR COTTON BILLS ARE UP.

Congressman From Texas Has Strong Measure for Uniform Standard.

Washington Dec 4.—Four bills of interest to the cotton interests, which, if passed will round out legislation heretofore put through congress by Representative Burleson of Texas and which is intended to enable the farmer to get a legitimate price for his cotton, that is, a price uninfluenced by anything save the law of supply and demand.

The first is a bill providing for a quennial census of the acreage planted to cotton. If enacted this would be of inestimable value to the bureau of statistics as it will afford it a more frequent standard of the acreage planted thus enabling it to be more accurate in its annual estimates.

Every cotton producer says Mr. Burleson "will appreciate the importance and value of this. I have conferred with Director North, and he has endorsed it earnestly and will urge it in his annual report. This will be the third time I have introduced this bill, and this time I feel sure it will become a law."

The second measure will be a bill providing for a uniform standard of cotton classification. Last session just before adjournment Burleson introduced this bill in order to provoke a discussion of its purposes. It has been endorsed by all who are interested in cotton save the speculating crowd. He believes he will be able to pass this bill through the house though it may not be passed by the senate during the first session of this congress. The report to be made by Commissioner of Corporations Smith in accordance with the Burleson Livingston resolution directing an investigation of the New York cotton exchange will prove of great assistance in the passage of this bill. When this bill becomes a law it will afford a measure of protection to the producer against the rapacity and greed of the middle man who frequently is not content to make a fair profit but unduly insists on

tion he is buying to the great injury of the planter. For a small sum every warehouse and Farmers Union under this bill could secure the standard of classification and with it can readily determine the correct class of his cotton and thereby secure a fair price.

The third will be a bill having for its purpose the minimizing as far as possible, of the wild speculation in cotton futures on the New York and New Orleans Cotton Exchanges. Mr. Burleson has conferred with Mr. Hepburn of Iowa, who declares his purpose to introduce and press to passage a measure looking to the suppression of the sales of stocks on margin and he declares his willingness to co-operate with those interested in suppressing gambling in cotton futures.

The fourth bill Burleson intends to introduce has become known as the anti-leak bill. He has twice secured ratification of agriculture will urge in his annual report the passage of some measure to cover this subject.

### KNOWN EVERYWHERE

When an eminent authority announced the fact that he had found a remedy for the most common ailment of the human body, the kidneys, the physicians were slow and loath to attach much importance to his claims. This was only a few months ago. Today nearly every news paper in the country is announcing it and the splendid results achieved. It is so simple that any one can prepare it at home at small cost. It is made up as follows: Get from any good prescription pharmacy Fluid Extract Dan-dellon, one-half ounce. Compound Kargon one ounce. Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful

doses after each meal and at bedtime. These are all simple ingredients making an absolutely harmless home remedy at little cost.

It matters as every one knows in a symptom of diseased kidneys. A condition produced by the kidneys is the blood to properly filter out from the blood the urine and eliminate it which it not only does with in the urine or through the skin pores, remains in the blood, it composes and forms about the joints and muscles causing the untold suffering and deformity of rheumatism.

This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys and gives almost immediate relief in all forms of bladder and urinary troubles and back ache.
